About Us

One-stop Global Sports Solution Service

Zero Complaints

We have served more than 1,000 international and domestic top sports events including 6 Olympic Games and 3 Youth Olympic Games, with "Zero Complaints".

Zero Breakdowns

As the world's top event service provider, We take high product quality seriously and will settle for nothing less than equipment "Zero Breakdown".

Zero Faults

With "Zere Failure" service level and the value pursuitof "no small matters in game" in mind, we have buildthe world's leading sports brand.

—— Company Info ——

As a world-famous sports equipment manufacturer and seller, Taishan Sports is now leading China's sports industry. It has successfully served multiple major sports events, such as Olympic Games, Youth Olympic Games, Asian Games, FISU World University Games, and National Games, using its pioneering CD2S (Consult, Design, Supply, and Service) service model for major sports events. Credited as "an Olympic miracle" by the former IOC president Jacques Rogge, Taishan Sports' high standard service with "Zero Faults, Zero Breakdowns, Zero Complaints" has made itself a proud national brand.

Entitled as National Sports Goods Engineering Technology Research Center, National Industrial Design Center, National Enterprise Technology Center, and Postdoctoral R&D Station, Taishan Sports is fully capable of conducting R&D of and testing on national level sports goods. With nearly 300 patents in hand, it has led and participated in setting over 60 domestic and international sports industry standards. More than 100 of its products have been certified by FIG, IJF, WT, UWW, WA, and IWUF, and its XPE multifunctional sports mats are listed on the China Torch Program. With all of its competitive gymnastic equipment certified by FIG, Taishan Sports has unprecedentedly adopted carbon fiber composite in production. At the same time, it continues to popularize gymnastic equipment and has come up with products for children and the elderly, creating "Taishan quality shared around the globe". Meanwhile, Taishan Sports is always insisting on continuous technological innovation and material upgrading in other fields.

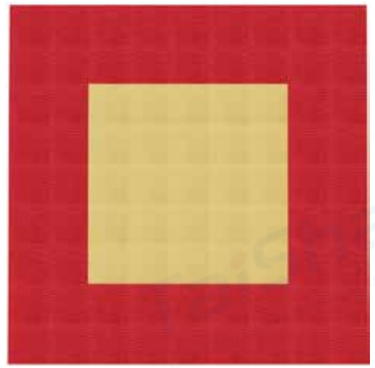
Judo Tatami (training type)

Model: TQ2511A
1. Specification: 14000×14000×40mm
2. Structure: Judo cloth + ρ180 compression sponge + fiber board + ρ180 compression sponge + anti-slip layer.
3. Product Description: For judo training (soft) in clubs, schools, venues, etc.

Model: TQ2511B
1. Specification: 14000×14000×40mm
2. Structure: Judo cloth + ρ230 compression sponge + fiber board + ρ230 compression sponge + anti-slip layer.
3. Product Description: For judo training (hard) in clubs, schools, venues, etc.

Model: TQ1603
1. Dimensions: 14000×14000×40mm
2. Structure: Judo mat + polymer micro-foam material + anti-slip layer.
3. Product Description: Obtained EU standard certification, for training application. The infill is made of single-layer polymer micro-foam material. The product is flat and has no warping phenomenon.



Judo Tatami (competition type)

Model: TQ1520D (IJF Approved)
1. Specification: 18000mm×18000mm×50mm;
2. Competition area: 10000mm×10000mm;
3. Color: Red, yellow
4. Structure: Judo cloth + RDS-23 compressed sponge + fiberboard + RDX-20 compressed sponge + anti-slip layer.
5. Product Description: This has been certified by the IJF and EU standards, and can be used in various competitions. With moderate firmness, it has been used in major international events such as the Olympics.

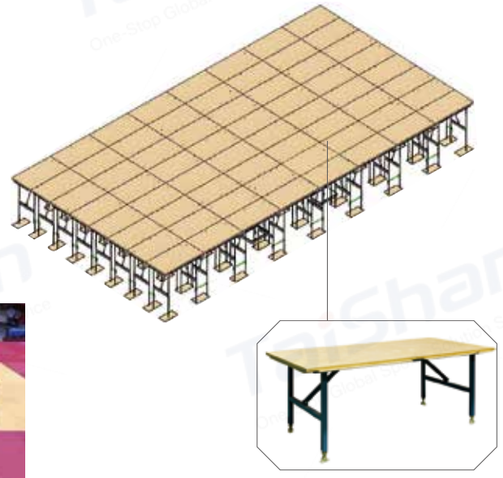
Certified by IJF

Model: TQ1601 (IJF Approved)
1. Dimensions: 18000×18000×50mm; Competition area: 10000×10000mm
2. Structure: Judo cloth + RDS-23 compressed sponge + bounce board + compressed sponge + non-slip layer.
3. Product description: This has been certified by the IJF and EU standards, and can be used in various competitions. It is not affected by temperature and humidity changes and the product is flat with no warping. The new material bounce board is used to replace the fiberboard in the middle, which plays a supporting and elastic role for the generated pressure. With the best performance and the best environmental performance, it is the first choice for competitions and areas with obvious temperature and humidity changes.

Model: TQ1602 (IJF Approved)
1. Dimensions: 18000×18000×50mm; Competition area: 10000×10000mm
2. Structure: Judo cloth + compressed sponge + non-slip layer.
3. Product description: This has been certified by the IJF and EU standards, and can be used in various competitions. It is not affected by temperature and humidity changes. With the pure compressed sponge structure, the product is smooth and flat with no warping.

Judo Platform

Model: TQ1262A
1. Specification: 38000mm×22000mm×800mm (can be customized)
2. Material: High quality welded steel tubes, multiply plywood.
3. Features: Constituted by multiple single platforms, level can be adjusted, easy to disassemble and install.



New Judo Frame

Model: TQ1546
Specification: 18000mm×18000mm, fiber reinforced plastics.

Judogi Tester

Model: TQW0387

Judo Scoreboard

Model: TSF1001

Judogi (competition type)

Model: TQW0188
1. Specification: 0#/1#/1.5#/……4.5#/5#
2. Color: Blue / White
3. Material: 70% cotton, 30% polyester, woven, 750 grams per square meter. One whole set includes tops, pants, and belts. Meets competition standard and can be used for international competition.

Judogi (training type)

Model: TQW0188A
1. Specification: 0#/1#/1.5#/……4.5#/5#
2. Color: Blue / White
3. Material: 35% cotton, 65% polyester, woven, non-velvet, shrinkage ≤1%, 350 grams per square meter. One whole set includes top, pants, belts. Meets training standard.

Judo Target

Model:	TQ2550/1 (Leather)	Specification:	20kg
	TQ2550/2 (Leather)		30kg
	TQ2550/3 (Leather)		40kg
	TQ2550/4 (Leather)		50kg
	TQ2550/5 (Leather)		60kg
	TQ2550/6 (Leather)		70kg
	TQ2550/A1 (PVC Leather)		20kg
	TQ2550/A2 (PVC Leather)		30kg
	TQ2550/A3 (PVC Leather)		40kg
	TQ2550/A4 (PVC Leather)		50kg
	TQ2550/A5 (PVC Leather)		60kg
	TQ2550/A6 (PVC Leather)		70kg

Material: Multiple specifications option, anti-wear surface layer, sewn sewing thread, excellent filling steel grit and broken sponges, better elasticity and longer service life.

Judo Dummy

Model:	TQ2552A/1 (PVC Leather)	Specification:	20kg
	TQ2552A/2 (PVC Leather)		30kg
	TQ2552A/3 (PVC Leather)		40kg
	TQ2552A/4 (PVC Leather)		50kg
	TQ2552A/5 (PVC Leather)		60kg
	TQ2552A/6 (PVC Leather)		70kg
	TQ2552A/7 (PVC Leather)		80kg

Material: Multiple specifications option, anti-wear surface layer, sewn sewing thread, excellent filling steel grit and broken sponges, better elasticity and longer service life.

Referee Chair

Model: TQW0388

Judogi (children type)

Model: TQW0188/1
1. Specification: 80-120 cm
2. Color: Blue / White
3. Material: 100% cotton, woven, non-fleece, 400 grams per square mete. One whole set includes top, pants, belts. Meets training standard.

Climbing Rope

Model: TQ2554
1. Specification: φ50×5000 mm
2. Material: High-quality white cotton cloth (same material as judogi) to cover the hemp rope. Stainless steel safety buckle located on one end.
3. Features: Surface is comfortable and non-slip.

Climbing Belt

Model: TQ2555
1. Specification: 5000mm×300mm
2. Material: High-quality white cotton cloth (same material as judogi) to cover the hemp rope. Stainless steel safety buckle located on one end.
3. Specification: Surface is comfortable and non-slip.

Wrestling

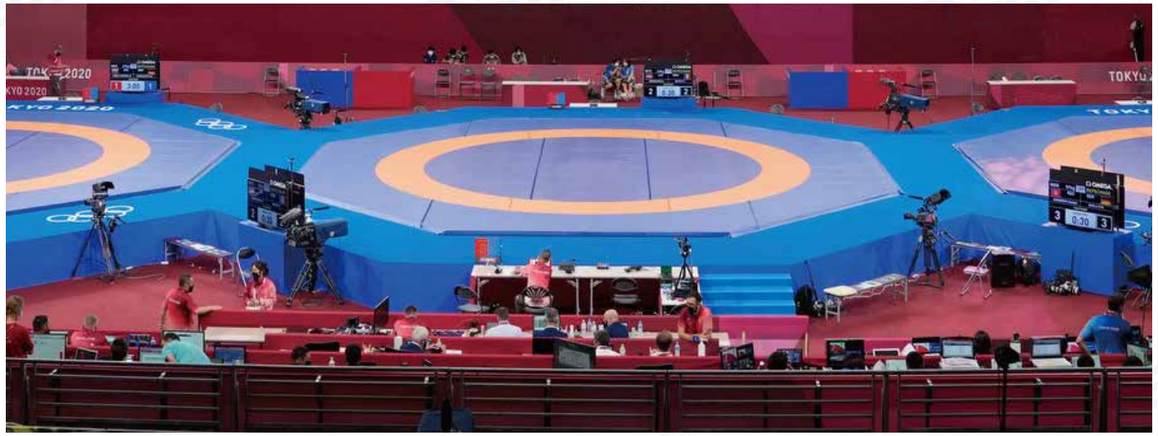
Combat Series

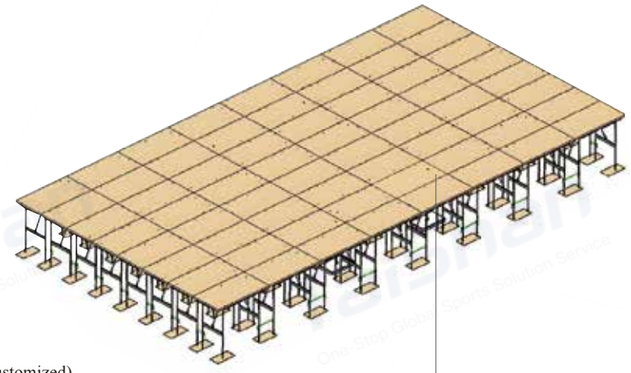
Wrestling Mat (competition type, square)

Model: TQ1519A (UWW Approved)
1. Specification: 12000mm×12000mm×60mm
2. The flexible layer is composed of 72 flexible blocks,
Unit specifications: 2000×1000×60mm.
3. Cover sheet specifications: 12200×12200mm.
4. Materials: The cover sheet is made of PVC woven fabric, processed by high-frequency heat bonding technology. The flexible layer consists of XPE, sponge, and double-sided velvet fabric bonded together. The bonding of the cover sheet is done using a high-frequency heat bonding machine, which is firm and odorless. The velvet layer is made of TPE material and is laminated with the surface layer of the inner tire using the extrusion technology. The inner tire layers are bonded together using flame heat bonding technology. It is sturdy, durable, and environmentally friendly.

Wrestling Mat (competition type, octagon)

Model: TQ1519B(UWW Approved)
1. Specification: 12000×12000×60mm
2. Rule area: Outer diameter 9000mm, Inner diameter 7000mm; Shape is octagonal
3. Flexible layer consists of 68 flexible blocks,
specification: 2000×1000×60mm (48 pieces); Special-shaped pads 20 pieces
4. Cover single specification: 12200×12200mm
5. Material: Cover single is PVC woven fabric, using high-frequency heat bonding process; Flexible layer is XPE, sponge, and double-sided velvet fabric heat bonding structure.



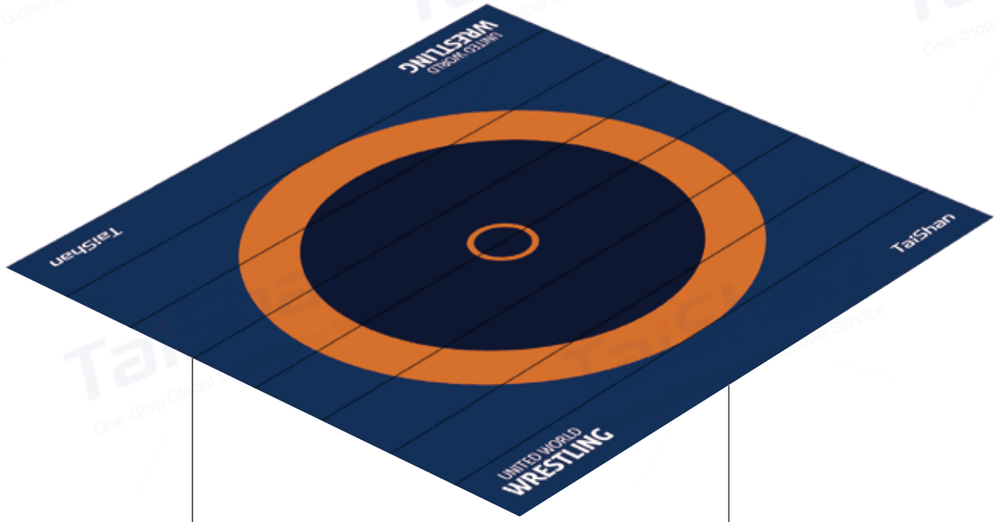


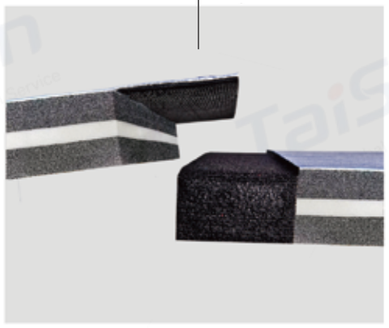
Wrestling High Platform

Model: TQ1265
Specification: 42000mm×12000mm×800mm (can be customized)

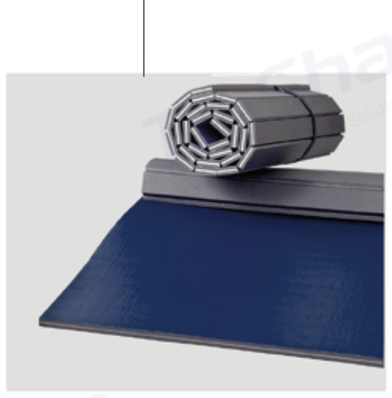
Model: TQ1265/1
Specification: 32000mm×16000mm×800mm (can be customized)

1. Material: High quality welded steel pipe, multilayer plywood.
2. Features: The high platform adopts unit structure, the horizontal direction can be adjusted, easy to disassemble and install, the Specification can be customized according to customer requirements.





Seamless hook & loop connection system



The roller-shutter-style base

Wrestling Mat (Roll-up)

Model: TQ1519C （UWW Approved）
1. Size: 12000×12000×54mm
The venue is composed of 6 to 8 pieces that are seamlessly joined together.
2. Materials: The surface is made of blue Lychee-grain texture PVC fabric, and the flexible layer consists of 20 times XPE + ρ35 gray sponge + 20 times XPE. The leather and the flexible layer are combined using high-frequency heat bonding technology, which is sturdy, durable, and environmentally friendly.
3. The surface color and rules lines are printed according to the venue requirements. The outer rule line has an inner diameter of φ7m and an outer diameter of φ9m, the inner rule line has an outer diameter of φ1.2m and an inner diameter of φ1m. The rule lines are orange.
4. This product has passed international certification. It has a beautiful and elegant appearance, a comfortable feel on the feet, good elasticity, and is conducive to the athlete's performance. The material of this product is environmentally friendly and odorless, with the advantages of light weight, good rebound, convenient transportation and storage, quick installation and replacement of the venue.

Wrestling Mat (training type, square)

Model: TQ2505
1. Specification: 12000×12000×50mm
2. Cover sheet specifications: 12200×12200mm
3. Material: The cover sheet is made of PVC woven fabric, using high-frequency heat-sealing process, and the fexible layer is heat-sealed structure of XPE and two-faced plush cloth.

Wrestling Mat (training type, octagon)

Model: TQ2509
1. Specification: 12000×12000×50mm
2. Cover sheet specifications:12200×12200mm
3. Material: The cover sheet is made of PVC woven fabric, using high-frequency heat-sealing process, and the flexible layer is heat-sealed structure of XPE and two-faced plush cloth.

Referee Station

Model: TQ1270
1. Specification: 4000×4000×300mm
2. Material: High quality welded steel pipe, multilayer plywood.
3. Features: Adjustable horizontal direction, can be customized according to customer requirements.

Technical Officials Station

Model: TQ1269
1. Specification: 16000×4000×500mm
2. Material: High quality welded steel pipe, multilayer plywood.
3. Features: The horizontal direction can be adjusted, and the size can be customized according to customer requirements.

Chinese Wrestling Mat (square)

Model: TQ1599
1. Specification: 14000×14000×60mm
2. Cover sheet specifications: 14200×14200mm
3. Material: The cover sheet is made of PVC woven fabric, using high-frequency heat-sealing process, and the flexible layer is heat-sealed structure of XPE, sponge and two-faced plush cloth.

Wrestling Dummy

Model:	TQ2552A/1 (PVC Leather)	Specification: 20kg
	TQ2552A/2 (PVC Leather)	30kg
	TQ2552A/3 (PVC Leather)	40kg
	TQ2552A/4 (PVC Leather)	50kg
	TQ2552A/5 (PVC Leather)	60kg
	TQ2552A/6 (PVC Leather)	70kg
	TQ2552A/7 (PVC Leather)	80kg

Material: Various specifications available. Anti-wear surface layer, precise sewing, filled with high quality steel sand and shredded sponge. Better elasticity and longer service life.

Wrestling Shoes

Model: TQW0187
1. Specification: 35-45#
2. Color: Red
3. Features: Upgrade all-round sports experience, The shoes surface is formed by advanced all-in-one weaving technology, Greatly enhance the comfort and permeability of wearing; The insole adopts nanometer deodorization and waterproof technology to keep the shoes fresh and dry for a long time. The rubber sole adopts the anti-slip formula of wrestling shoes, which greatly enhances the grasping of the ground. The appearance is more trendy, leading the fashion trend of wrestling shoes.

Wrestling Traget

Model:	TQ2550/1 (Leather)	Specification: 20kg
	TQ2550/2 (Leather)	30kg
	TQ2550/3 (Leather)	40kg
	TQ2550/4 (Leather)	50kg
	TQ2550/5 (Leather)	60kg
	TQ2550/6 (Leather)	70kg
	TQ2550/A1 (PVC Leather)	20kg
	TQ2550/A2 (PVC Leather)	30kg
	TQ2550/A3 (PVC Leather)	40kg
	TQ2550/A4 (PVC Leather)	50kg
	TQ2550/A5 (PVC Leather)	60kg
	TQ2550/A6 (PVC Leather)	70kg

Material: Various specifications available. Anti-wear surface layer, precise sewing, filled with high quality steel sand and shredded sponge. Better elasticity and longer service life.

Bulgarian bag

Model: TQW0851
1. Size: 59×40 cm
2. Material: Space PU leather +PP cotton + iron sand.

Man

Woman

Wrestling Costume

Model: TQW0186
1. Specification: S/M/L/XL/2XL/3XL/4XL
2. Color: Blue / Red
3. Material: 80% nylon, 20% spandex, meeting domestic competition requirements. There is a difference in style and design between men and women.

Wrestling Costume

Model: TQW0887
1. Specification: S/M/L/XL/2XL/3XL/4XL
2. Color: Blue / Red
3. Materials: 82% polyester + 18% spandex (Lycra), approximately 210g/m² in weight. With bright color and fine effect, tight structure and good wrapping performance, there is no constraining feeling. With anti-hook threads, Perspiration color fastness ≥ Grade 4, Washing color fastness ≥ Grade.
4. Meet the requirements of professional competitions. Male and female styles are designed differently.

Chinese Wrestling Suit

Model: TQW0186/1
1. Specification: S/M/L/XL/2XL
2. Color: Red, blue, white
3. Material: The outher layer of the jacket is 100% cutton and the inner layer neddle-stitch and cross-stitch with each small grid being about 1cm. The trousers are made of 100% cutton. The jacket and the trousers can be worn inside-out.

Weight-control Suit

Model: TQW0054
1. Specification: S/M/L/XL/2XL/3XL/4XL
2. Color: Black / Silver
3. Material: PU knitted transfer film, which is beneficial for athletes and obses people to lose weight.

Weighing Scale

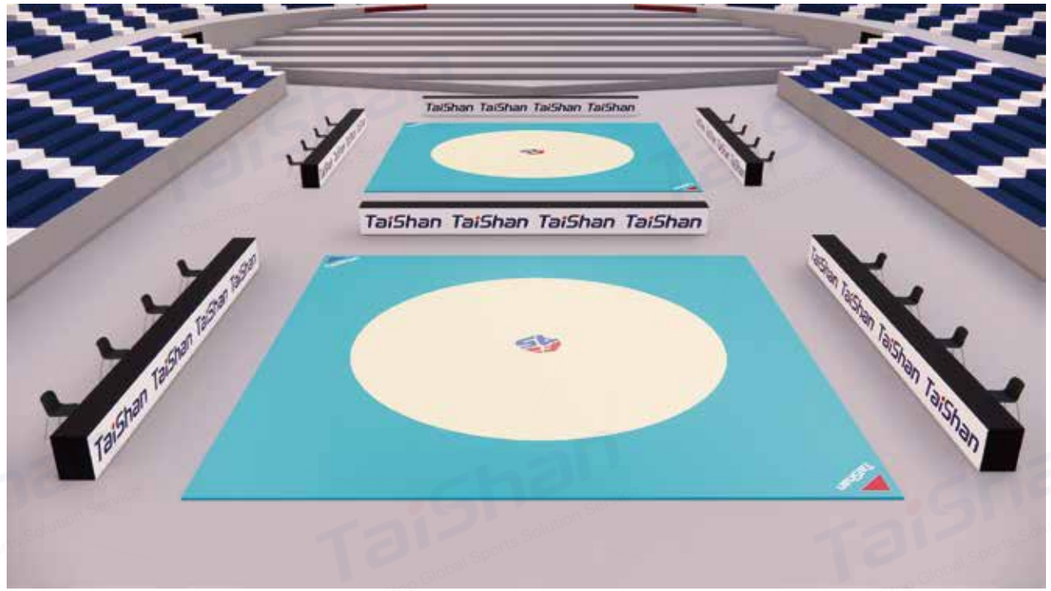
Model: TQW0066
Specification: Maximum weight 200kg with readability of 0.01kg.

Wrestling Clock

Model: TQ1268
Specification: 630×560×1856mm
Material: High-quality steel tubes. Standard casters with lock that hold the clock still when in use.

Sambo Mat

Certified Model



TQ1604

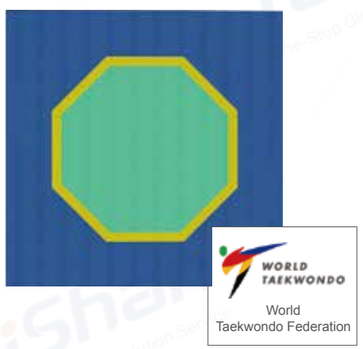
Sambo Mat (Certified Model)
1. Specifications: 11500×11500×58mm
2. The flexible layer is composed of 61 flexible blocks,
Unit specifications: 2000×1000mm, 1000×1000mm.
3. Cover sheet specifications: 11500 × 11500mm.
4. Material: The cover sheet is PVC woven fabric, stitched using high-frequency heat bonding technology. The flexible layer is made of XPE, high molecular micro-foam material, and double-sided velvet fabric with multiple layers of heat bonding, providing a moderate level of softness.
5. Product description: Used for Sambo competitions and training. With elegant appearance, comfortable foot feel, good elasticity, which is conducive to the athlete's performance. The cover sheet is connected to the flexible layer through a tension structure with flat surface. The flexible layer adopts a unit structure, which is convenient for storage, easy to install and dismantle, and suitable for moving and transporting.

TQ1605

Sambo Mat (Training Model)
1. Specifications: 11500 × 11500 × 50mm
2. The flexible layer is composed of 61 flexible blocks, Unit specifications: 2000×1000mm, 1000×1000mm.
3. Cover sheet specifications: 11500×11500mm.
4. Material: The cover sheet is PVC woven fabric, stitched using high-frequency heat bonding technology. The flexible layer is made of XPE and double-sided velvet fabric with multiple layers of heat bonding, providing a moderate level of softness.
5. Product description: Used for Sambo training. With elegant appearance, comfortable foot feel, good elasticity, which is conducive to the athlete's performance. The cover sheet is connected to the flexible layer through a tension structure with flat surface. The flexible layer adopts a unit structure, which is convenient for storage, easy to install and dismantle, and suitable for moving and transporting.

Taekwondo

Combat Series

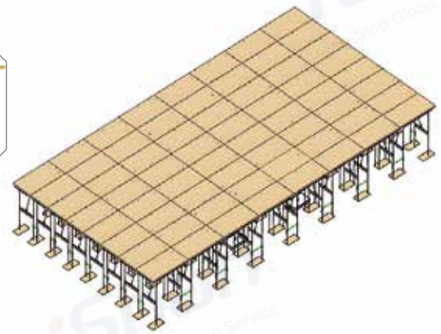


Taekwondo Mat (new octagonal type)

Model: TQ1534 (WT approved)
1. Specifications: 12000mm×12000mm×25mm
2. Colors: Red, Blue / Yellow, Green / Blue, Green
3. Material: Storiform leather, High-density XPE foam.
4. Features:
① Elegant appearance with high-rate compound storiform leather. The competition area is 8000mm octagonal shape.
② Flame heat sealing and water cutting process, it consists of 9 unit blocks, new seamless connection method, it's beautiful and easy to install. With comfortable feeling, good elasticity, it is excellent for athletes to exert their sports abilities.

Taekwondo Mat (Roll-up Structure)

Model: TQW1534/6
1. Specifications: 12000mm×12000mm×25mm
The venue is composed of 8 unit mats. Unit dimension: 1.5m × 12m × 0.025m.
Competition area: 8m × 8m Octagon.
2. Colors: Red, Blue / Yellow, Green / Blue, Green
3. Material: Material: Surface Leather Pattern, 30 times XPE buffer Layer
4. Features:
① Elegant appearance with high-rate compound storiform leather. The competition area is 8000mm octagonal shape.
② With knife-cutting process adopting, the XPE and PVC leather (plain weave) are bonded by heat fusion, ensuring a strong bond. The foot feel is comfortable and the elasticity is good, which is beneficial for the athletes' performance.

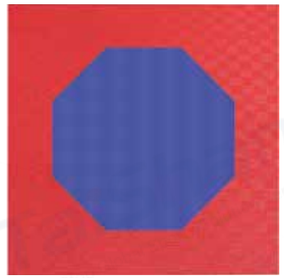


Taekwondo High Platform

Model: TQ1278A
1. Specification:
Competition area 8m×8m,
Competition venue 12m×12m
Overall dimensions (including slope) 14.07×14.07×0.6m
2. Material: high quality carbon steel, birch multi-layer board.
3. Features: It adopts a modular structure, which is easy to disassemble and install. The specifications can be customized according to customer requirements. The main components include carpets, frames, ladders, etc.

Taekwondo Mat (octagonal, new)

Model: TQ1522 (WT approved)
1. Specifications: 12000mm×12000mm×25mm, Competition Area: 8000mm × 8000mm
2. Colors: Red, Blue, Yellow
3. Material: XPE
4. Features: Mainly used for taekwondo competition and training. The venue is mainly composed of the competition area, the protection area and the warning area. They are distinguished by three different colors.
5. Structure: Interlock structure.



Taekwondo Training Mat (octagonal, new)

Model: TQ1522B
1. Specifications: 12000mm×12000mm×25mm,
Competition Area: 8000mm × 8000mm
2. Colors: Red, Blue
3. Material: XPE
4. Features: Mainly used for taekwondo competition and training. It consists of competition and protection areas and are distinguished by two different colors.
5. Structure: Interlock structure.

Taekwondo Mat (octagonal, new)

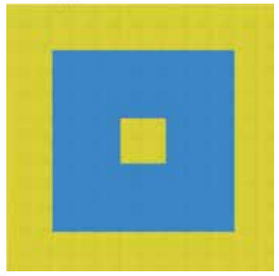
Model: TQ2638
1. Specifications: 12000mm×12000mm×25mm
2. Colors: Red, Blue
3. Material: EVA
4. Features: The feld consists of competition area and protection area and are distinguished by two different colors.With comfortable feeling, good elasticity, it is excellent for athletes to exert their sports abilities.

Taekwondo Training Mat (square)

Model: TQ2633
1. Specifications: 12000mm × 12000mm × 30mm, composed of 144 pads
Competition area: 8000mm × 8000mm
2. Colors: Yellow, Blue
3. Material: XPE

Model: TQ2575
1. Specifications: 14000mm × 14000mm × 25mm, composed of 196 pads
Competition area: 8000mm × 8000mm
2. Colors: Red, Blue / Yellow, Blue
3. Material: EVA

Model: TQ2521
1. Specifications: 12000mm × 12000mm × 25mm, composed of 144 pads
Competition area: 8000mm × 8000mm
2. Colors: Red, Blue
3. Material: EVA



Taekwondo Protective Gear Set (6 pieces)

Model: TSE1012
Descriptions: It includes one-step molding head guard, thickened chest protector, groin guard, elbow guard, leg guard and bag. With frst-class materials and craftsmanship, lightweight, sturdy and durable. Excellent protection performance and no negative effects on athletes make it one of the best protective products in the market.

Taekwondo One-forming Headguard

Model: TSE1011
1. Specification: 1#/2#/3#/4#/5#
2. Material: NBR eco-friendly foam
3. Features: Integrated design, easy to wear, safer protection.

Taekwondo Competition Gloves

Model: TSE1001
1. Specifications: S/M/L/XL/XXL
2. Material: High quality PU
3. Features: The quality is improved according to the WTF new rules and the air permeability and sweat absorbency are also greatly improved. Special process on the details of the palm of the glove makes it more comfortable to wear.

Taekwondo Competition Foot Cover

Model: TSE1002
1. Specifications: S/M/L/XL/XXL
2. Material: High quality PU
3. Features: The quality is improved under the guidance of WTF new rules and the air permeability and sweat absorbency are also greatly improved. Special process on the details of the toe part of the foot cover makes it more comfortable to wear.

Taekwondo Elbow Guard

Model: TSE1004
1. Specifications: 1#/2#/3#/4#/5#
2. Material: High quality PU
3. Features: With compressed polyurethane material filled inside, excellent protection, comfortable to use and it's quick to restore the original shape.

Taekwondo Leg Guard

Model: TSE1005
1. Specifications: 1#/2#/3#/4#/5#
2. Material: High quality PU
3. Features: With compressed polyurethane material filled inside, excellent protection, comfortable to use and it's quick to restore the original shape.

Taekwondo Shoes

Model: TSE1019
1. Specification: 34# - 45#
2. Features: The upper is reinforced with material, which is more protective, more durable, and it can effectively protect toes. TPR soles are lighter, harder and more breathable, which can protect the feet from dryness at higher temperatures.

Taekwondo Groin Guards for Male

Model: TSE1003
1. Specifications: 1#/2#/3#/4#/5#
2. Material: High quality PU
3. Features: With compressed polyurethane material filled inside, excellent protection, comfortable to use and it's quick to restore the original shape.

Taekwondo Groin Guards for Female

Model: TSE1003A
1. Specifications: 1#/2#/3#/4#/5#
2. Material: High quality PU
3. Features: With compressed polyurethane material filled inside, excellent protection, comfortable to use and it's quick to restore the original shape.

Imitation Leather Breast Target

Model: TSE1018
1. Specification: 500mm×400mm×100mm
2. Material: PU
3. Features: Features: Made of faux leather, with an EVA core, giving a full and voluminous feel, and providing excellent hitting performance.

Arc Target

Model: TSA1017
1. Specification: 650mm×450mm×100mm
2. Material: PU
3. Features: Target body has an arc-shaped design, made of faux leather, with an EVA core, giving a full and voluminous feel, and providing excellent hitting performance.

Hand Target

Model: TSE1015
1. Specification: 380mm×180mm
2. Material: PU
3. Features: The target surface of high-quality material with high quality filler is not only lightweight, but also durable. The design of the target body can bring about an effective improvement in feel and striking. The function, materials, design and appearance of this product refect the professional brand style. The target is suitable for daily training and it's an indispensable tool for Taekwondo pratice.

Taekwondo Chest Protector

Model: TSE1000
1. Specifications: 1#/2#/3#/4#/5#
2. Material: High quality PU
3. Features: EVA protective panel, exterior made of artificial PU leather, featuring excellent protective effect, comfortable to use, and quick recovery.

Handguard Taekwondo Arc Target

Model: TSE1034
1. Specification: 420mm×250mm×50mm
2. Material: PU
3. Features: Polyethylene foam, compressed sponge inner core, with excellent protection, which is comfortable to use, quick to restore the original shape.

WORLD TAEKWONDO
World Taekwondo Federation

Taishan Sports Competition Elastic Uniform

Raindrop-like fabric texture, 100% polyester

Taishan High-ranked Uniform

TSE1027	Product with‘WTF’
TSE1030	Product with DuPont Fabric

- Product Features: Polyester, same for men and women. Those above 7 dan grade are High-ranked. Top is yellow cardigan, with a‘y-shaped’ black collar, and dark blue pants.
- The material for all high-ranked uniform:

Taishan Uniform for Black Blet

TSE1026	Product with‘WTF’
TSE1029	Product with Dopont Fabric

- Product Features: Polyester-cotton, different for men and women.
- Men: Top is white cardigan with a‘y-shaped’ black collar, pants are navy blue.

- Women: Top is white cardigan with a‘y-shaped’ black collar, pants are gray-blue.

Taishan Uniform for Black Belt Under 16

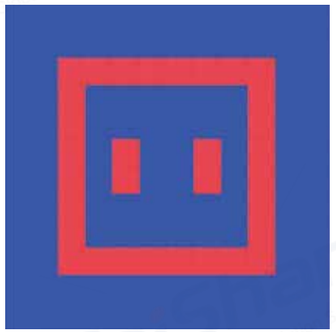
TSE1023	Product With Striped Jacquard
TSE1025	Product With‘WTF’

- Product Features: All polyester, different for men and women.
- Men: Top is white cardigan with a‘y-shaped’ black and red collar, pants are light blue.

- Women: Top is white cardigan with a‘y-shaped’ black collar, pants are true red.

Karate

Combat Series



Karate Mat

Model: TQ1565 (WKF approved)
1. Specifications: 12000mm×12000mm×20mm
2. Material: High-quality environmental friendly XPE .
3. Features: The mats consist of a competition area and a protection area, distinguished by two colors. The mats are comfortable to feet and have moderate elasticity. The straw-mat pattern on the surface is non-slip, which is conducive to athletes' performance.

Model: TQ1566A
1. Specification: 12000mm×12000mm×20mm
2. Material: High-quality environmental friendly XPE .
3. Features: The mats consist of the competition area and the protection area, distinguished by two colors. The mats are comfortable to feet and have moderate elasticity. The diamond-shaped surface is non-slip, increasing the friction coefficient of the entire mats, which is more conducive to athletes' performance.

Karate Training Mat

Model: TQ2711
1. Specification: 12000mm×12000mm×30mm
Composed of 144 mats
2. Material: High-quality EVA Product
3. Features: One-step molding foam, interlocking design for fast installation, moderate elasticity, meeting the requirements of competition and training.

Karate Headguard

Model: TSD1003
1. Specification: S/M/L/XL/XXL
2. Material: NBR eco-friendly foam
3. Features: The latest model, soft and comfortable lining, thickening treatment behind the head, integrated design, easy to wear, and better protection.

Karate Gloves

Model: TSD1009A / TSD1009B
1. Specification: S/M/L/XL
2. Material: PU
3. Features: Foamed-in-place inner liner, exterior artificial PU leather, one-piece molding process, protects the knuckles, strong elastic band tension, does not easily come off.

Karate Shin and Instep Guard

Model: TSD2005
1. Specifications: S/M/L/XL
2. Material: High quality PU
3. Features: Foamed-in-place inner liner with EVA protective panel, exterior made of artificial PU leather, featuring excellent protection, comfortable use, and quick recovery.

Man Groin Protector

Model: TST1002A
1. Specifications: S/M/L/XL
2. Material: High quality PU
3. Features: The inner liner is formed, featuring excellent protective effect, comfortable use, and quick recovery.

Women Groin Protector

Model: TST1001A
1. Specifications: S/M/L/XL
2. Material: High quality PU
3. Features: The inner liner is formed, featuring excellent protective effect, comfortable use, and quick recovery.

Karate Competition Chest Protector

Model: TQW22000009
1. Specification: XS/S/M/L/XL
2. Color: White
3. Material: High quality elastic fabric, PP plastic product.

Karate Competition Chest Protector

Model: TSD1001
1. Specification: XS/S/M/L/XL
2. Material: High-quality PU
3. Features: The latest style, made of rubber and plastic with high elastic foam. The back has a hook and loop design, making it easier to wear.

Karate Uniform

Model: TSD1002
1. Specifications: 1# - 5#
2. Material: 100% cotton
3. Features: Good fabric, and mixed fast drying fiber and cotton. Can quickly expel heat and moisture after exercises. The lining fabric of the neckline and cuff feels good and is not sticky, improving the flexibility of the movement.

Hand Target

Model: TSA2000
1. Specifications: 200mm×250mm×50mm
2. Material: PU
3. Features: High density compression foam, bending in line with the human hand shape, the center of the palm has a curved design, feel more comfortable.

Hand Target (monkey face)

Model: TSA1022
1. Specifications: 200mm×250mm×50mm
2. Material: PU
3. Features: Made of high density EVA foam, PU leather surface, comfortable to hold the target, frm and frm like monkey face, the flling material of this product is fexible, light and durable.

Arc-shaped Foot Target

Model: TSA1026
1. Specifications: 350mm×190mm×70mm
2. Material: PU
3. Features: Tear resistant and environmental friendly material. The hitting areas on the surface pass destructive test. Multi-seam, unique design, fexible use.

Foot Target

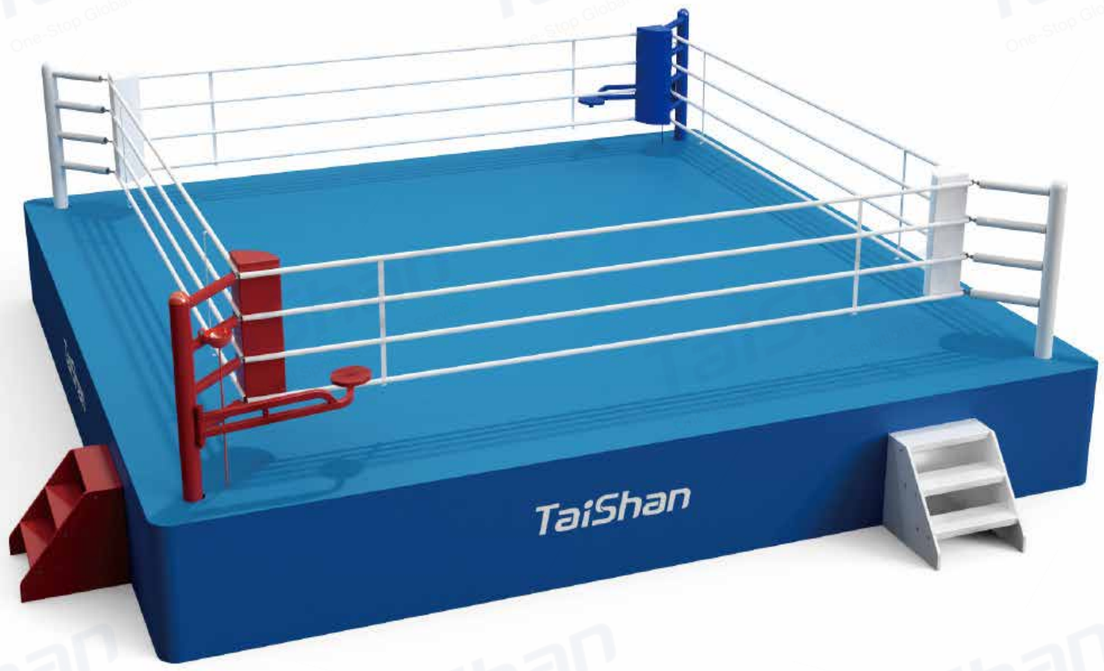
Model: TSA1030
1. Specifications: Average size
2. Material: PU
3. Features: The built-in padding is made of EVA, which conforms to the nternational standard, and the surface is specially treated, which is non-slip, non-deformation and wear-resistant.The sound is clear and loud.

Boxing

Combat Series

TQ1251

IBA approved



www.huma.hr
TaiShan

Competition Boxing Ring

Model: TQ1251 (IBA approved)

1. Specifications: 7800mm×7800mm×2442mm (Platform height: 1000mm), Competition Area: 6100mm×6100mm
2. Material: PU, PVC warp knitted fabric, sponge, canvas, high-load bearing sponge, XPE, high-quality carbon structural steel, birch multilayer board, etc.
3. Features: Certified by IBA, the overall performance is stable and reliable. It adopts high-quality metal rectangular tube frame structure, with multi-layer board, fexible layer, cover sheet. Won the praise of professional athletes in many competitions.

① The high platform is mainly composed of columns, supporting beams and wooden boards: the main materials of the frame and columns are steel rectangular tubes; the main material of the wooden board assembly is birch multi- layer boards. The high platform adopts the U-clip wrap connection method, which has a frm and reliable connection and a beautiful appearance;

② Comfortable feet, good elasticity,which is good for athletes to play;

③ Non-slip, good load capacity;

④ Easy installation and removal.

Boxing Ring for Training

5-meter Boxing Ring

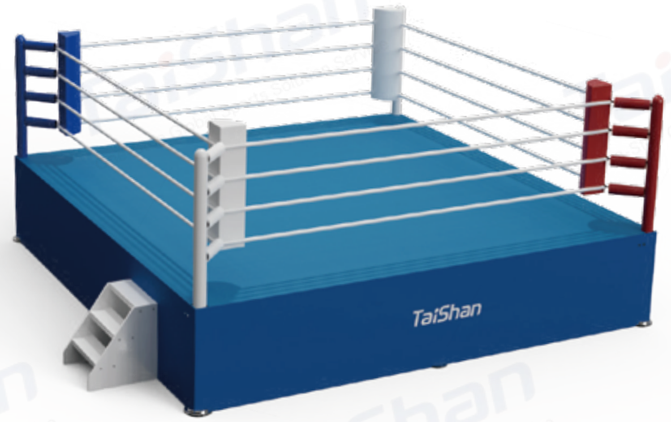
Model: TQ2252/2
Specifications: 5000×5000×1942 mm
(Platform height: 500mm)
Competition Area: 4100mm×4100mm

6-meter Boxing Ring

Model: TQ2252
Specifications: 6000×6000×2442 mm
(Platform height: 1000mm)
Competition Area: 5100mm×5100mm

7-meter Boxing Ring

Model: TQ2252/1
Specifications: 6000×6000×2442 mm
(Platform height: 1000mm)
Competition Area: 6100mm×6100mm



Material: PU,PVC warp knitted fabric, sponge, canvas, high-load bearing sponge, XPE, high-quality carbon structural steel, birch multilay er board, etc.
Features:
① The high platform is mainly composed of columns, supporting beams and wooden boards: the main materials of the frame and columns are steel rectangular tubes; the main material of the wooden board assembly is birch multi-layer boards. The high platform adopts the U-clip wrap connection method, which has a frm and reliable connection and a beautiful appearance;
② Comfortable feet, good elasticity, which is good for athletes to play;
③ Non-slip, good load capacity;
④ Easy installation and removal.

Floor Boxing Ring

5m Floor Boxing Ring

Model: TQ2309
Specification: 5000 ×5000 ×1482 mm
Competition Area: 4100mm × 4100mm

6m Floor Boxing Ring

Model: TQ2309/1
Specification: 6000 ×6000 ×1482 mm
Competition Area: 5100mm×5100mm

Material: PU cloth, sponge, high bearing sponge, XPE, high-quality carbon steel.
Features:
① Excellent protection performance, good antiskid, not easy to deform, durable, grand and decent, environmental materials, excellent processing technology;
② It is made of high-quality materials, combined frame, easy to disassemble and transport. The ropes around it are made of steel wire, foam pipe, PU leather and other materials, which are strong and beautiful;
③ Surface treatment: all metal parts are pickled and phosphated, and then shot blasting and sprayed. The automatic powder electrostatic spraying equipment is adopted. The coating has good weathering resistance, high impact strength, stable quality of metal coating, excellent acid and alkali resistance, moisture and heat resistance, anti-aging and so on.

Competition Boxing Helmet (leather)

Model: TSA1001
1. Specification: S/M/L/XL
2. Material: The surface layer is selected frst layer of cowhide, the inner stuffer is made of latex, EVA, sponge, etc;
3. Features: The selected frst layer of cowhide is delicate; comfortable, light, strong protective performance; breathable design, the top of the helmet can be adjusted to make wearing comfortable; super strong Velcro, the number of times of bonding can be more than 5000, more durable, more solid bonding; the thickening treatment of the back part can provide the most professional protection.

Competition Boxing Gloves (leather)

Model: TSA1002-02 Specification: 10oz
TSA1002-03 12oz

1. Material: The surface layer is selected frst layer of cowhide, the inner stuffer is made of latex, EVA, sponge, etc;
2. Features: The selected first layer of cowhide is delicate, so that the gloves can form a natural and perfect arc, and provide the most meticulous protection when clenching; the leather folds are neat and uniform, with a strong three-dimensional sense; super strong Velcro, the number of times of bonding can reach more than 5000; the thumb and the glove itself are tightly attached, effectively preventing the injury when using swing punch.

Training Boxing Helmet (PU)

Model: TSA1001A
1. Specification: S/M/L/XL
2. Material: The surface layer is selected high-quality PU, the inner stuffer is made of foaming rubber;
3. Features: The selected high-quality PU is delicate; comfortable, light, strong protective performance; breathable design, the top of the helmet can be adjusted to make wearing comfortable; super strong Velcro, the number of times of bonding can be more than 5000, more durable, more solid bonding; the thickening treatment of the back part can provide the most professional protection.

Training Boxing Gloves

Model: TSA1002A-01 Specification: 8oz
TSA1002A-02 10oz
TSA1002A-03 12oz
TSA1002A-04 14oz

1. Material: The surface layer is selected high-quality PU, one stop molding of foaming rubber.
2. Features: The selected high-quality PU is delicate, so that the gloves can form a natural and perfect arc, and provide the most meticulous protection when clenching; the leather folds are neat and uniform, with a strong three-dimensional sense; super strong Velcro, the number of times of bonding can reach more than 5000; the thumb and the glove itself are tightly attached, effectively preventing the injury when using swing punch.

Boxing Uniform

Model: TSA2008
1. Specification: S/M/L/XL/2XL/3XL/4XL
2. Material: Knitted fabric
3. Features: The cutting structure of the clothing is scientifically designed, the knitted fabric is moistureabsorbing and sweat-wicking, and the air permeability is good. The texture of the material is upgraded to make it more comfortable to wear, and the movement is unimpeded; the men's and women's styles are designed differently

Boxing Uniform

Model: TQW0889
1. Sizes: S/M/L/XL/2XL/3XL/4XL
2. Material: 100% polyester, Waistband: 86% polyester + 14% spandex
Perspiration color fastness ≥ Grade 4, Washing color fastness ≥ Grade 4, Pilling Resistance ≥ Grade 4.
3. Features: With Woven fabric, which is moderate stretch and breathable, designed as high-end professional competition gear.

Boxing Shoes

Model: TSA2016
1. Specification: 36#-45#
2. Material: Flyknit
3. Features: Comprehensive sports experience upgrading; the vamp adopts flyknit and fusing technology to make the vamp more integrated and enhance the comfort of wearing and breathability; the lace binding system adopts fying wire technology to make the vamp more fit the foot surface and reduce the energy loss caused by frequent movement of the foot in the shoe; the insole and interior adopt nano odor proof and waterproof technology to keep the inside of the shoe long time dry; the sole rubber adopts the antiskid formula of wrestling shoes, the grip is greatly enhanced; the appearance is updated.

Groin Guard for Men

Model: TST1002
1. Specification: S/M/L/XL
2. Material: High-quality PU
3. Features: Hard plastic inner stuffer, made of high elastic foam, strong elastic band, especially increase the protection of the lower abdomen.

Groin Guard for Women

Model: TST1001
1. Specification: S/M/L/XL
2. Material: High-quality PU
3. Features: Larger protection area, made of high elastic foam, strong elastic band. Especially increase the protection of the lower abdomen, suitable for daily training and competition.

Gauze

Model: TQW0184.01
1. Size: 5cm × 10m, 5cm × 15m
2. Made from 100% Cotton yarn, soft and comfortable mesh gauze . Keeps the knuckle area protected from any shock when punching.

Tape

Model: LQ36
1. Color: White
2. Size: 1.25cm × 13m, 2.5cm × 13m
3. Made of high quality super sticky adhesive material.

Mouth Guard

Model: TSA2017
1. Specification: Average size
2. Material: Edible silica gel
3. Features: Made of edible silica gel, healthy and environmentally friendly, and can be used at ease. Tooth guard can make our teeth get the best protection when impacted. What's more, it can form a shock absorption effect in the mouth and help to reduce most of the shock force when impacted.

Hand-wrap

Model: TQW0183.01-01 (IBA approved)
Specification: 4500mm, wide 57mm

Model: TQW0183.01-02
Specification: 5000mm, wide 50mm

Material: Pure cotton
Features: Excellent breathability, soft and comfortable. With the convenient nylon self-adhesive design, it helps significantly reduce the risk of injury during combat sports and training.

Multifunctional Training Station

Model: TQ2289
1. Specification: 2736mm×2736mm×2600mm
2. Material: The frame is mainly made of high-quality steel tube welding.
3. Features: This product is a multi-functional comprehensive training device that integrates sandbags (4 pieces), Speed bag, and punch target. It has a small footprint, does not require fixations. Users can disassemble and adjust the boxing ring according to their own needs, thereby achieving greater flexibility in use.

Boxing Punching Bag

Model: TQ2543
Specification: 50kg, 1300×φ400mm, with cross pylon.

Model: TQ2545
Specification: 50kg, 1400×φ450mm, with cross pylon.

Model: TQ2542
Specifications: 50kg, 1200×φ350mm, without cross pylon.

Features: The weight can be customized, 20kg-100kg, increasing by multiple of 5kg. Available in black and blue. Cross pylon optional.

Multifunctional Rotary Training Station

Model: TQ2291
1. Specification: 3900mm×3900mm×2695mm
2. Material: The frame is mainly made of high-quality steel tube welding.
3. Features: This product is a multi-functional comprehensive training device that integrates sandbag, Speed bag, and punch target. It has a small footprint, does not require fixation, and the sandbags can rotate with the upright posts. Users can adjust the position according to their needs, making it more flexible to use. It is suitable for indoor exercise and can effectively enhance muscle explosive power and reaction speed.

Column Tumbler

Model: TS4203B1-01 Specification: 80kg 1700mm
TS4203B1-02 100kg 1700mm

Features: The base is made of pure cast iron, rubber coated. No noise and no damage to the foor. The steel sleeve plug-in connection mechanism is adopted between the base and sandbag. Suitable for dodge training.

Speed Bag Rack

Model: TQ2288/1
1. Specification: 700mm×600mm×430mm
2. Material: Steel, birch multilayer board
3. Features: This product is an auxiliary training equipment fixed on the wall. The steel frame is firm, with a rotatable bearing. It's used by the user for speed exercise.

Simple Lifting Speed Bag Rack

Model: TQ2288
1. Specification: 835mm×600mm×710mm (height of track)
2. Material: Steel, birch multilayer board
3. Features: This product is an auxiliary training equipment. Easy to install, height adjustable, can be used for people of different height.

Boxing Pear Shape Sandbag

Model: TSA2005
1. Specification: 900mm,
2. weight: 50kg
3. Material: High-quality PU
4. Features: Equipped with special rotator, high elastic foam layer, rubber cloth core.

Arc-shaped Foot Target

Model: TSA1026
1. Specifications: 395mm×215mm×100mm
2. Material: PU
3. Features: Tear resistance and environmental friendly material, with destructive test on the punching surface, unique design with multiple stitching, it's flexible to use.

Human Shape Tumbler

Model: TS4204B1-01 Specification: 80kg 1800mm
TS4204B1-02 100kg 1800mm

Features: The base is made of pure cast iron, rubber coated. No noise and no damage to the foor. The steel sleeve plug-in connection mechanism is adopted between the base and sandbag. This tumbler can stimulate the regular swing of human body, suitable for dodge training.

Multifunctional Boxing Target

Model: TSA1028A / TSA1028B
1. Specifications: 1000mm×1500mm×2200mm
2. Material: Steel plate stytle / Floor type
3. Features: It can greatly improve the reaction capacity and action fluency in the movement, and strike ability and acceleration of the boxing combination.

Boxing Speed Ball

Model: TSA2009
1. Specifications: 210mm×210mm
2. Material: PU
3. Features: New design with simple hook, it's easy to install. high-elastic rope makes a faster rebound, wear resistant, not easy to fall off, it's suitable for professional athletes and amateurs.

Hand Target

Model: TSA2000
1. Specifications: 200mm×250mm×50mm
2. Material: PU
3. Features: High density compression foam, bending in line with the human hand shape, the center of the palm has a curved design, feel more comfortable.

Lengthened Hand Target

Model: TSA1027
1. Specification: Average size
2. Material: PU
3. Features: New lengthened type with superior materials, high elastic EVA filling.

Hand Target (monkey face)

Model: TSA1022
1. Specifications: 200mm×250mm×50mm
2. Material: PU
3. Features: Made of high density EVA foam, PU leather surface, comfortable to hold the target, firm monkey face shape, the filling material of this product is flexible, light and durable.

Arc-shaped Target

Model: TSA1017
1. Specifications: 650mm×450mm×100mm
2. Material: PU
3. Features: Arc-shaped design, with imitation leather and EVA filling, and it's solid and good for punching.

Iran Target

Model: TSA1016
1. Specifications: 450mm×250mm×100mm
2. Material: PU
3. Features: New type target, it's flexible to use and it's suitable for Taekwondo gymnasium and its amateurs.

Training Stick Target

Model: TSA1025
1. Specifications: 560mm×60mm
2. Features: One-step molding, elastic EVA, with destructive test on the punching surface, velcro fastening, good hand feeling with no sliding, sophisticated stitching, and durable.

Multifunctional Wall Target

Model: TSA1023
1. Specification: 700mm×400mm×300mm
2. Material: PU
3. Features: With steel-frame structure and EVA filled inside, it's suitable for practising hooks, straight punches and swings.

Backpack For Protective Gear

Model: TSA2004
1. Material: High-density Oxford
2. Features: Can accommodate a variety of protective gear, training supplies, drawstring design, fne workmanship, convenient and fast, simple and elegant design, ideal backpack or training.

Rosin Box

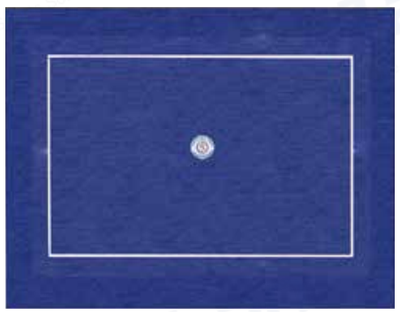
Model: TQ2267
1. Specifications: 450mm×450mm×50mm
2. Material: Pinewood board and brich sandwich plate.
3. Features: It's skid resistance for the athletes to apply rosin or magnesium powder to the sole of their feet.

Skipping Rope

Model: TSA2003
1. Specifications: 3000mm
2. Material: Rubber
3. Features: With spindle and foam sponge in the handle.

Wushu Taolu

Combat Series



Competition Wushu Carpet

Model: TQ1516 (IWUF Approved)
1. Specification: 12000mm×18000mm×90mm
2. Competition Area: 8000mm×14000mm
3. Material: XPE, multilayer board and carpet.
4. Features: The surface color is uniform. No electrostatic induction occurs after friction and no obvious deformation occurs after being pressed.
5. Note: This product has been patented. International Wushu Federation and Chinese Wushu Association approved.

Wushu Carpet

Model: TQ2571 (IWUF approved)
1. Specification: 10000mm×16000mm×90mm
2. Competition Area: 8000mm×14000mm
3. Material: XPE, multilayer board and carpet.
4. Features: The color of surface carpet is uniform. No electrostatic induction occurs after friction and no obvious deformation occurs after being pressed.
5. Note: This product has been patented.

Juvenile Wushu Field

Model: TQ2624
1. Specification: 16000mm×10000mm×30mm
2. Competition area： 8000mm×14000mm
3. Flexible layer: XPE heat bonded carpet.
4. Material: XPE, carpet
5. Features: The product is made from water cut flexible coil layer. It can be easily rolled up, stored, installed, disassemble, and trasported.

Juvenile Wushu Field Ⅰ

Model: TQ2624/5
1. Specifications: 16000mm × 10000mm × 30mm
2. Boundary Lines: 8000mm × 14000mm
3. Materials: Inner flexible layer: 30 times XPE, 4mm blue non-woven carpet, and 5cm white sticky fasteners form the competition area.
5. Features: The venue is composed of six units. These units are seamlessly connected with each other to form a unified surface. The XPE knife cutting method on the bottom surface makes it convenient to roll up, store and transport the units.

Tuishou Field

Model: TQ1587
1. Specification: 1200mm ×1200mm ×30mm
2. Material: Leather heat bonded XPE
3. Features: The site is composed of seven units through seamless lap splicing, splicing tightly, no obvious seams. Each unit consists of the surface PVC leather and the bottom XPE flame heat bonded together, the bottom adopts the water cutting process, easy to roll up and store.

Xiangzi Jian (Duan Bing) Field

Model: TQ1597
1. Specification: 12×12m×0.015m
2. Material: Leather heat bonded XPE
3. Features: The site is composed of seven units through seamless lap splicing, splicing tightly, no obvious seams. Each unit consists of the surface PVC leather and the bottom XPE flame heat bonded together, the bottom adopts the water cutting process, easy to roll up and store.

Juvenile Wushu Field Ⅱ

Model: TQ2624/1
1. Specification: 16000mm×10000mm×40mm
2. Competition area：8000mm×14000mm
3. Carpet：10000mm×16000mm
Flexible layer: XPE fame bonded carpet.
4. Material: XPE, carpet
5. Features: The site is mainly composed of water-cut roll flexible layer and martial arts carpet. The surface carpet has uniform color and uniform, no obvious color difference, no static electricity after friction, and no obvious deformation after the blanket is pressed.

Model: TQ2624/6
1. Specifications: 16000mm × 10000mm × 40mm
2. Boundary Lines: 8000mm × 14000mm
3. Flexible Layer: 15000mm × 9000mm × 30mm
4. Materials: Inner flexible layer: 30 times XPE, 4mm blue non-woven carpet.
5. Features: Mainly divided into the carpet and the flexible layer. The carpet is printed with the IWUF logo. The upper layer of the venue is the martial arts carpet, and the lower layer is the flexible layer, consisting of five units. Each unit is a heat-sealed carpet, and the units are connected by hook straps. The bottom of the unit is cut by XPE knife to make it convenient for rolling up, storage and transportation. The carpet is connected by adhesive.

Competition Qiangshu (spear)

Model: TSH1012 (IWUF Approved)
1. Specification: 1550mm, 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
2. Material: Aluminum alloy, integrated.
3. Features: Used for Wushu Taolu competition and training.

Duilian Qiang (spear for face-to-face training)

Model: TSH1012A (IWUF Approved)
1. Specification: 1550mm, 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
2. Material: Aluminum alloy, integrated.
3. Features: Used for training.

Competition Daoshu (Broadsword)

Model: TSH1001 (IWUF Approved)
1. Specification: Men: M1, M2, M3, M4, M5, M6, M7, M8, M9
Women: F1, F2, F3, F4, F5, F6, F7, F8, F9
2. Material: Blade of manganese steel, stainless steel handle.
3. Features: Used for Wushu Taolu Daoshu competition and training.

Competition Jianshu (Broadsword)

Model: TSH1002 (IWUF Approved)
1. Specification: Men: M1, M2, M3, M4, M5, M6, M7, M8, M9
Women: F1, F2, F3, F4, F5, F6, F7, F8, F9
2. Material: Blade of manganese steel, stainless steel handle.
3. Features: Used for Wushu Taolu Daoshu competition and training.

Performing Double Sword

Model: TSH1003 (IWUF Approved)
1. Specification: 500mm, 520mm, 540mm, 560mm, 580mm,600mm, 620mm, 640mm, 660mm, 680mm, 700mm
2. Material: Blade of manganese steel, wooden handle.
3. Features: Used for Wushu Taolu Sword competition and training.

Performing Double Broadsword

Model: TSH1004 (IWUF Approved)
1. Specification: 500mm, 520mm, 540mm, 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm
2. Material: Blade of Manganese steel, wooden handle.
3. Features: Used for Wushu Taolu Broadsword training and competition.

Nandao (southern sword)

Model: TSH1008B (IWUF Approved)
1. Specification: 480mm, 500mm
2. Material: Blade of aluminum alloy, wooden handle.
3. Features: Used for Wushu Taolu Daoshu training and competition.

Competition Gunshu (stick)

Model: TSH1009 (IWUF Approved)
1. Specification:
Men: 1550mm, 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
Women: 1500mm, 1550mm, 1600mm, 1650mm, 1700mm
2. Material: Made of glass fiber, straight stick body. Printed pattern: double dragon for Men type, and double phoenix for Woman type. Little thinner on the top end, matte surface treatment provides rough feeling and increase grasping friction for the player.
3. Features: Used for competition.

Double Broadsword for Face-to-face Training

Model: TSH1010 (IWUF Approved)
1. Specification: 480mm, 500mm
2. Material: Aluminum alloy
3. Features: Used for training.

Performing Daoshu (Broadsword)

Model: TSH1005 (IWUF Approved)
1. Specification: 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm, 720mm, 740mm, 760mm, 780mm, 800mm
2. Material: Blade of manganese steel, wooden handle.
3. Features: Used for Wushu Taolu Daoshu competition and training.

Performing Jianshu (sword)

Model: TSH1006 (IWUF Approved)
1. Specification: 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm, 720mm, 740mm, 760mm, 780mm, 800mm
2. Material: Blade of manganese steel, wooden handle.
3. Features: Used for Wushu Taolu Jianshu training.

Competition Nandao (Broadsword)

Model: TSH1008 (IWUF Approved)
1. Specification: 560mm, 580mm, 600mm, 620mm, 640mm, 660mm, 680mm, 700mm, 720mm, 740mm, 760mm
2. Material: Blade of manganese steel,
3. Features: Used for Wushu Taolu Nandao competition and training.

Podao

Model: TSH1011 (IWUF Approved)
1. Specification: 1550mm, 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
2. Material: Aluminum alloy, integrated.
3. Features: Used for Wushu Taolu Daoshu competition and training.

Chunqiu Broadsword

Model: TSH1007 (IWUF Approved)
1. Specification: 1600mm, 1650mm, 1700mm, 1750mm, 1800mm
2. Material: Aluminum alloy, consists of several units.
3. Features: Used for Wushu Taolu training and competition.

Nanquan Suit

Model: TSH1017
1. Specification: XS-3XL
2. Color: black, white, pink, red, royalblue, rose red, light blue.
3. Material: Spinning, silk

Taichi Suit

Model: TSH1015
1. Specification: XS-3XL
2. Color: Black, white, pink, red, royalblue, rose red, light blue.
3. Category: Competition, General

Training Suit (short sleeve)

Model: TSH1018
1. Specification: XS-3XL
2. Color: white, red, black, yellow

Training Suit (long sleeve)

Model: TSH1019
1. Specification: XS-3XL
2. Color: white, red, black, yellow

Changquan Suit

Model: TSH1016
1. Specification: XS-3XL
2. Color: black, white, pink, red, royalblue, rose red, light blue

Training Pants

Model: TSH1020
1. Specification: XS-3XL
2. Color: white, red, black, yellow

Taichi Shoes

Model: TSH1014

Wushu Shoes

Model: TSH1013

Magnesium Powder Box (with wheel)

Model: TQ2268
1. Specification: 454×460×(850-1050) mm
2. Material: High quality metal pipe, glass reinforced plastic box
3. Features: Adjustable height, with wheel, easy to move.

Magnesium Powder Box

Model: TQW0049
1. Specification: 900mm
2. Material: Painted iron base, glass reinforced plastic box
3. Features: For magnesium powder

Weapon Display Rack

Model: TQ2286
1. Specification:1200mm×500mm×1000mm
2. Material: High quality birch plywood
3. Features: Can be used for placing weapons, high quality and durable.

Sanda

Combat Series

Sanda Platform

Model: TQ1272
1. Specifications: 8000mm×8000mm×800mm
2. Features: Adopts high quality metal rectangular tube frame structure, the frame is laid with multi-layer board, flexible layer, cover sheet. There is a cushion on the back of the board, and the overall performance is stable and reliable. There are protective pads around the table, the frame is a combined steel pipe structure, all using standard fasteners, spray treatment. The frame is covered with 25mm thick planks, silenced. The flexible layer consists of a 2m×1m double-sided XPE mat with red flannelette. Countertop cover is space leather, anti-slip and easy to clean.

3. Note: Used in the 9th World Wushu Championships and the Sanda competitions of 2008 Beijing Olympic Games. This model is a ring model and does not include the surrounding protective pad.

Sanda Training Mat

Model: TQ2572 (IWUF Approved)
1. Specification: 8000mm×8000mm×60mm
2. Material: Cover sheet is space leather +PVC machine woven fabric. Flexible layer for PVC machine woven fabric +XPE. Pad cover is rubber surface non-slip can be cleaned PVC leather. The pad core is XPE.
3. Features: This product is used for sanda training or competition.

(Roll-up Structure)

Model: TQW1618
Specification: 8000×8000×50mm

Model: TQW1618/2
Specification: 8000×8000×40mm

1. Specifications: 8000×8000×50mm. The venue is composed of 4 to 6 pieces joined together by seamless connection method.
2. Materials: The surface is made of blue litchi-patterned PVC fabric, and the flexible layer uses 30 times XPE. The leather and the flexible layer are combined through high-frequency heat bonding process, which is sturdy, durable and environmentally friendly.
3. Print the surface color and rule lines according to the venue requirements. The blue color is used within the 8-meter rule line, red on the outside, and yellow for the rule lines.

Sanda Head Guard

Model: TQC1003A/ TQC1003B
1. Specifications: S/M/L/XL/XXL
2. Material: Microfber / PU
3. Features: One-stop rubber and plastic foam molding, thickened treatment on head back, the size of the head circumference can be adjusted freely to provide the most professional protection.

Sanda Chest Protector (woman)

Model: TQC1001B1 / TQC1001B2
1. Specifications: S/M/L/XL
2. Material: Microfber / PU
3. Features: New material, light weight, good protection effect.

Sanda Chest Protector (man)

Model: TQC1001A1 / TQC1001A2
1. Specifications: S/M/L/XL/XXL
2. Material: Microfber / PU
3. Features: New material, light weight, good protection effect.

Sanda Gloves (semi-finger)

Model: TS8303C1 / TS8303C2
1. Material: Microfber / PU
2. Features: Standard type

Sanda Gloves (velcro)

Model (microfiber) :	TS8303A1-01	Specification: 8oz
	TS8303A1-02	10oz
	TS8303A1-03	12oz
Model (PU) :	TS8303A2-01	Specification: 8oz
	TS8303A2-02	10oz
	TS8303A2-03	12oz

Sanda Gloves (lace-up)

Model (microfiber):	TS8303B1-01	Specification: 8oz
	TS8303B1-02	10oz
	TS8303B1-03	12oz
Model (PU):	TS8303B2-01	Specification: 8oz
	TS8303B2-02	10oz
	TS8303B2-03	12oz

Sanda Shin Guard

Model: TQC2007
1. Specifications: S/M/L/XL/XXL
2. Material: High quality PU
3. Features: High elastic foaming system, light and durable, strong anti-attack ability.

Leg Guard (including instep)

Model: TQC2006
1. Specifications: Average size
2. Material: High quality PU
3. Features: High elastic foaming system, light and durable, strong anti-attack ability.

Hand-wrap

Model: TQW0183.01-01 Specification: 4500mm, 57mm wide
TQW0183.01-02 5000mm, 50mm wide

1. Material: Pure cotton
2. Features: Good air permeability, soft and comfortable, with convenient nylon self-adhesive design, in combat sports and training to a greater extent to avoid injury.

Backpack for Protective Gear

Model: TSA2004
1. Material: High-density Oxford
2. Features: Can accommodate a variety of protective gear, training supplies, drawstring design, fine workmanship, convenient and fast, simple and elegant design, ideal backpack or training.

Sanda Groin Guard (man)

Model: TST1002
1. Specifications: S/M/L/XL/XXL
2. Material: High quality PU
3. Features: Hard plastic inner part, high elastic foaming process, strong elastic band. Especially increased protection of the lower abdomen.

Sanda Groin Guard (woman)

Model: TST1001
1. Specifications: S/M/L/XL
2. Material: High quality PU
3. Features: Hard plastic inner part, high elastic foaming process, strong elastic band. Especially increased protection of the lower abdomen.

Mouth Guard

Model: TSA2017
1. Specification:Average size
2. Material: Edible silica gel
3. Features: Made of edible silica gel, healthy and environmentally friendly, and can be used at ease. Tooth guard can make our teeth get the best protection when impacted. What's more, it can form a shock absorption effect in the mouth and help to reduce most of the shock force when impacted.

Sanda Uniform

Model: TQW0890
Sizes: S/M/L/XL/2XL/3XL/4XL
Material: 100% polyester, Waistband: 86% polyester + 14% spandex
Perspiration color fastness ≥ Grade 4, Washing color fastness ≥ Grade 4, Pilling Resistance ≥ Grade 4.
Features: With Woven fabric, which is moderate stretch, breathable and moisture-wicking, designed as high-end professional competition gear.

Sanda Women's Shorts Set

Model: TQW0891

Sanda Women's Skort Set

Model: TQW0892

1. Sizes: S/M/L/XL/2XL/3XL/4XL
2. Material: 100% polyester, Waistband: 86% polyester + 14% spandex. Perspiration color fastness ≥ Grade 4, Washing color fastness ≥ Grade 4, Pilling Resistance ≥ Grade 4.
3. Features: With Woven fabric, which is moderate stretch, breathable and moisture-wicking, designed as high-end professional competition gear.

Sanda Kit-shorts and Shirt

Model: TQC1004
1. Specifications: S/M/L/XL/2XL/3XL/4XL
2. Material: Knit fabric
3. Features: With IWUF embroidery logo, knit fabric, moisture absorption and perspiration, good breath-ability, in line with competition regulations.

Sanda Shorts Suit for Women

Model: TQW0852
1. Specifications: S/M/L/XL/2XL/3XL/4XL/5XL
2. Color: Red/blue

Sanda Skirt Suit for Women

Model: TQW0869
1. Specifications: S/M/L/XL/2XL/3XL/4XL/5XL
2. Color: Red/blue

Arc-shaped Foot Target

Model: TSA1026
1. Specifications: 350×190×70mm
2. Material: PU
3. Features: Tear resistant environmental protection material, percussion surface through destructive testing, multi-seam, unique design, flexible use.

Foot Target

Model: TSA1030
1. Specification: Average size
2. Material: PU
3. Features: The built-in padding is made of EVA, which conforms to the international standard, and the surface is specially treated, which is non-slip, nondeformation and wear-resistant. The sound is clear and loud.

Multifunctional Wall Target

Model: TSA1023
1. Specification: 700×400×300mm
2. Material: PU
3. Features: With steel-frame structure and EVA filled inside, it's suitable for practising hooks, straight punches and swings.

Arc Target

Model: TSA1017
1. Specification: 650×450×100mm
2. Material: PU
3. Features: The target is curved design, with imitation leather jacket and EVA inner core, the whole body is full, with good impact effect.

Lengthened Hand Target

Model: TSA1027
1. Specification: Average size
2. Material: PU
3. Features: New lengthened type with superior materials, high elastic EVA filling.

Hand Target (monkey face)

Model: TSA1022
1. Specifications: 200×250×50mm
2. Material: PU
3. Features: Made of high density EVA foam, PU leather surface, comfortable to hold the target, firm and like monkey face, the filling material of this product is flexible, light and durable.

Hand Target

Model: TSA2000
1. Specifications: 200×250×50mm
2. Material: PU
3. Features: High density compression foam, bending in line with the human hand shape, the center of the palm has a curved design, feel more comfortable.

Protective Shield Target

Model: TSA1029
1. Specification: 350×350×150mm
2. Material: PU
3. Features: Tear-resistant and environmental friendly PU, ≧20,000 times impact resistance test, four-layer reinforced handle, manual threading on the side, evenly fit the inner liner, and effectively extend the service life.

Waist Target

Model: TSA1031
1. Specification: Average Size
2. Material: PU
3. Features: High-density EVA, recycled cotton, effective shock absorption, more comfortable wearing, magic buckle design, adjustable size, more convenient to wear.

Multifunctional Training Station

Model: TQ2289
1. Specification: 2736×2736×2600mm
2. Material: The frame is mainly made of high-quality steel tube welding.
3. Features: This product is a multifunctional comprehensive boxing trainer integrating sandbags (4 pieces), pear ball, wall target and boxing speed ball. It covers a small area and does not need to be fixed. Users can disassemble and adjust the boxing trainer according to their own needs, making it more flexible to use.

Multifunctional Rotary Training Station

Model: TQ2291
1. Specification: 3900mm×3900mm×2695mm
2. Material: The frame is mainly made of high-quality steel tube welding.
3. Features: This product is a multi-functional comprehensive training device which integrates sandbags, pear balls and wall targets. It covers a small area, does not need to be fxed, and the sandbags can rotate around the column. Users can adjust the position according to their own needs, use more flexibly, suitable for indoor exercise, can effectively enhance the muscle's explosive force and reaction speed.

Column Tumbler

Model： TS4203B1-01　　Specification： 80kg　1700mm
TS4203B1-02　　100kg　1700mm

1. Material: PU
2. Features: The base is made of pure cast iron with rubber coating, making it noiseless and non-destructive to the floor. The base and the sandbag are connected by a steel sleeve insertion method to prevent the sandbag pole from breaking after long-term use. It simulates the uniform swinging of the human body and is suitable for evasion training.

Sanda Sandbag

Model: TSSD2001
1. Specification: Length 60-180cm; Maximum diameter 45cm
2. Material: Leather
3. Features: iron chain bearing stronger, 360° rotator multi-directional impact, high-density anti-tear leather, the inner lining is stronger, the inner liner of the cotton and cloth, striking feel good.

Tumbler Sandbag (mannequin)

Model: TS8103B1
1. Specification: 1750×600mm
2. Material: Rubber
3. Features: Easy installation, rubber sucking disks at the bottom, which increases the stability of the product and can adjust the height. Thicker abrasion-resistant natural rubber skin design, better hitting feel.

Training Stick Target

Model: TSA1025
1. Specification:560mm×60mm
2. Material: PU
3. Features: One-piece elastic EVA, destructive testing of the striking surface, Velcro hook and loop, comfortable and non-slip grip, sewn stitching, durable.

Colored Paddles

Model: TS8403A1

Weightlifting

Combat Series

Men's Competition Barbell

Model: TQW0225
1. Specification: 190kg
2. Material: High quality spring steel, natural synthetic rubber.
3. Features: Colored Rubber

Women's Competition Barbell

Model: TQW0226
1. Specification: 185kg
2. Material: High quality spring steel, natural synthetic rubber.
3. Features: Colored Rubber

Weightlifting Stage

Model: TQ1252A
1. Specification: 12000×10000×800mm
2. Material: High quality welded steel pipe, multi layer plywood.
3. Features: The level can be adjusted, The size can be customized according to customer requirements.

Weightlifting Stage for Training

Model: TQ1252A/1
1. Specification: 10000×10000×800mm
2. Material: High quality welded steel pipe, multilayer plywood.
3. Features: The level can be adjusted, The size can be customized according to customer requirements.

Men's Competition Barbell Pole

Model: TQW0228.01
1. Specification: 20kg
2. Material: Superior high strength spring steel.
3. Features: Surface treatment is non-slip, chrome.

Women's Competition Barbell Pole

Model: TQW0228.03
1. Specification: 15kg
2. Material: Superior high strength spring steel.
3. Features: Surface treatment is non-slip, chrome.

Competition Barbell Plates

Model: TQW0226.01-01	Specification: 5 kg
TQW0226.01-02	2.5kg

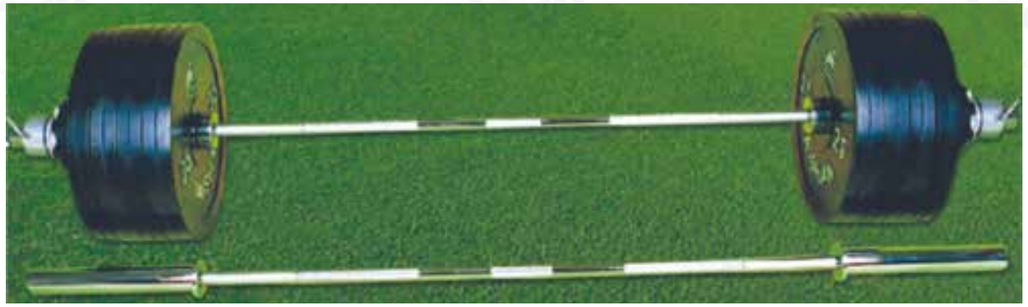
TQW0226.04-04	10kg

1. Material: Ductile iron, natural synthetic rubber.
2. Features: Black rubber

Weightlifting Platform

Model: TQW0366
1. Specification: 4000×4000×80mm
2. Material: Ash wood
3. Features: This product is made of wood. The surface has been specially treated and has non-slip properties. It is made by splicing wood boards. The board and board are connected by double-headed screws, making it an organic whole.



Men's Training Barbell

Model: TQW0227
1. Specification: 190kg
2. Material: High quality spring steel, natural synthetic rubber.
3. Features: Black Rubber

Women's Training Barbell

Model: TQW0228
1. Specification: 185kg
2. Material: High quality spring steel, natural synthetic rubber.
3. Features: Black Rubber

Men's Training Barbell Pole

Model: TQW0228.02
1. Specification: 20kg
2. Material: High quality spring steel.
3. Features: Surface treatment is non-slip, chrome.

Women's Training Barbell Pole

Model: TQW0228.04
1. Specification: 15kg
2. Material: High quality spring steel.
3. Features: Surface treatment is non-slip, chrome.

New Type Training Weightlifting Platform

Model: TQW0366/1
Specification: 3000mm×3000mm×50mm

Model: TQW0366/2
Specification: 3000mm×3000mm×80mm

1. Material: Ash and Rubber
2. Features: The middle and corners of this product are made of wood. The surface is specially treated and has anti-slip properties.The place where the barbell falls is rubber plate.

Weightlifting Platform for Training (colored rubber)

Model: TQW0223/5B
Specification: 3000mm×3000mm×50mm

Model: TQW0223/8B
Specification: 3000mm×3000mm×80mm

1. Material: Ash wood, Colored Rubber (customizable)
2. Features: This product can be inlaid in the wood floor, or fixed on the ground with iron frame.

Weightlifting Platform for Training (colored rubber)

Model: TQ2283/7B
Specification: 3000mm×3000mm×30mm

Model: TQ2283/8B
Specification: 3000mm×3000mm×40mm

Model: TQ2283/2B
Specification: 3000mm×3000mm×50mm

Model: TQ2283/1B
Specification: 3000mm×3000mm×80mm

1. Material: Colored Rubber
2. Features: This product can be inlaid in the wood floor, or fixed on the ground with iron frame.

Barbell Support Stand

Model: TQ2262
1. Specification: 2000mm×2400mm×2500mm
2. Material: High quality metal pipe, natural rubber plate
3. Features: Split-type structure, easy to disassemble and assemble, easy to pack and transport.

Barbell Plates Rack

Model: TQ2254
1. Specification: 1900mm×536mm×430mm
2. Material: High quality metal pipe,metal sheet
3. Features: The barbell plate rack is mainly composed of box and support rod, simple structure, easy to assemble, the whole is stable and firm.

Barbell bar Rack

Model: TQ2260
1. Specification: 1160mm×820mm×1210mm
2. Material: High quality metal pipe
3. Features: Integral structure, high stability, easy to move.

Barbell Jack

Model: TQ2293
1. Specifications: 1035×1230×751 mm
2. Material: High-quality metal tubing, nylon wheels
3. Description: This product is an auxiliary device for weightlifting competitions and training, primarily used to lift the barbell bar for easy plate changes.

Hand Push Barbell Rack

Model: TQ2261
1. Specification: 1442mm×600mm×1165mm
2. Material: High quality metal pipe, glass reinforced plastic
3. Features: This product is welded by round tube, oval tube and round steel. Made with a magnesium powder box, during training and competition, athletes can use the magnesium powder in the magnesium powder box to realize slip resistance.

Wooden Cushion

Model: TQW0233A
Specification: 300mm (two-layer)

Model: TQW0233B
Specification: 400mm (three-layer)

Material: Ash wood / Rubber

Weightlifting Competition Collars

Model:TQW22000011
Weight: 2.5*2kg

Bench Press Rack

Model: TQ2251A
1. Specification: 1800mm×1180mm×1288mm
2. Material: High quality metal pipe, PU leather, compression sponge, multilayer plywood.
3. Features: This product is a horizontal bench press rack, composed of welded steel pipe bracket and plate surface, suitable for professional weight lifting training.

Pull-up Rack

Model: TQ2264A
1. Specification: 1828mm×470mm×(798-1048)mm (adjustable)
2. Material: High quality metal pipe, PU leather, compression sponge, multilayer plywood.
3. Features: This product is a highly adjustable bench stand, mainly used for exercising the muscle strength and flexibility of waist and abdomen, and can be used as the auxiliary equipment for competition and training.

0.4M Squat Rack

Model: TQ2284A
1. Specification: 500mm×395mm×447mm
2. Material: High quality metal pipe, ash wood, rubber
3. Features: Strength and flexibility training for weight lifting.

Handstand Rack

Model: TQ2266
1. Specification: 1300mm×860mm×1914mm
2. Material: High quality metal pipe, PU leather, Sponge
3. Features: The ankle part of the product is a gear structure, easy to adjust. It can alleviate physical fatigue, improve balance ability, promote the brain blood supply, enhance memory. Can be used as the auxiliary equipment for competition and training.

Folding Massage Bed

Model: TQW0376
1. Specification: 1860mm×600mm×(480-720)mm,
2. Headrest: 270mm, The armrest width: 100mm
3. Material: PVC leather, high density sponge, high strength aluminum alloy frame, strong and durable.
4. Features: Easy folding and storage.

Squat Rack (With Wheel)

Model: TQ2263/1
1. Specification: 565mm×455mm×(900-1260)mm（adjustable）
2. Material: High quality metal pipe, Ash wood, Rubber
3. Features: This product is adjustable squat frame with wheel, which is composed of steel welded bracket and wooden pier. Portable and suitable for professional weight training, but also for the gym and family.

Squat Rack

Model: TQ2296/1
1. Specification: 1300×600×940 mm
2. Material: High quality metal pipe, Rubber sheet
3. Features: This product is suitable for professional weightlifting training, mainly for the squat movement exercise, and it is a comprehensive equipment which can be placed at the bottom of the barbell.

Rosin Box

Model: TQ2267
1. Specification: 450mm×450mm×47mm
2. Material: Pine, multilayer plywood
3. Features: Rosin or magnesium powder in it. It is used by athletes to wipe the bottom of their feet to prevent skidding.

Magnesium Powder Box (with wheel)

Model: TQ2268
1. Specification: 454×460×(850-1050)mm
2. Material: High quality metal pipe, glass reinforced plastic box
3. Features: Adjustable height, with wheel, easy to move.

Magnesium Powder Box

Model: TQW0049
1. Specification: 900mm
2. Material: Painted iron base, glass reinforced plastic box.
3. Features: For magnesium powder.

Weight-bearing Vest

Model: TQW0357-01	Specification:	5kg
TQW0357-02		10kg
TQW0357-03		20kg

1. Material: Oxford fabric
2. Features: Double inner bag, no leakage. Used for weight-bearing exercise to enhance explosive power.

Weighlifting Shoes

Model: TQW0221
1. Size: 37#-45#
2. Color: Grey, White

Cowhide Tension Band

Model: TQW0249/1
Material: High quality cowhide

Weightlifting Belt

Model: TQW0220
1. Specification: 900mm-1300mm
2. Material: High quality cowhide

Weightlifting Belt

Model: TQW0220/1

Man

Woman

Weightlifting Costume

Model: TQW0219
1. Specification: S/M/L/XL/2XL/3XL/4XL/5XL
2. Color: Blue / Red
3. Material: 80% nylon + 20% spandex.
4. Basic model: Male and female versions are designed differently.

Man

Woman

Weightlifting Costume

Model: TQW0888
1. Sizes: S/M/L/XL/2XL/3XL/4XL/5XL
2. Colors: Blue/Red
3. Materials: 82% polyester + 18% spandex (Lycra), approximately 210g/m² in weight. With bright color and fine effect, tight structure and good wrapping performance, there is no constraining feeling. With anti-hook threads, Perspiration color fastness ≥ Grade 4, Washing color fastness ≥ Grade 4.
4. High-end competitive gear: Male and female styles are designed differently.

Weight Control Clothing

Model: TQW0054
1. Specification: S/M/L/XL/2XL/3XL/4XL
2. Color: Black / Silver
3. Material: PU knitted transfer film, airtight,weight loss for athletes and obese people.

Cowhide Bracers

Model: TQW0358

Bracers

Model: TQW0360

Weighlifting Tension Belt

Model: TQW0249
Material: Made of pure cotton cloth

Dip Plastic Dumbbell

Model: TQW0362/1
1. Specification: 1-10kg（Per 1kg increase）
2. Material: Hexagon type scrub impregnated dumbbell
3. Features: Can be used to exercise the arm, waist, body shaping and so on.

Dip Plastic Handbell

Model:TQW0362
Features: The handle is made of round steel machined and the plates bell is collapsible, it is made of casting and environmental protection neoprene rubber. Used to exercise arm muscles, abdominal muscles and other parts.

Coated Kettle Bell

Model: TQW0224
1. Specification: 2/8/12/16/20/24/28/32 kg
2. Material: Cast iron, spray paint

Electroplating Hand Bell

Model: TQW0361
1. Specification: 10/15/20/25/30/35/40 kg
2. Features: The handle is made of round steel machined，The plates is Cast iron and collapsible Self-assembled weight, can be used to exercise muscle strength of arm, waist and abdominal.

Dip Plastic Kettlebell

Model: TQW0364
1. Specification: 2/8/12/16/20/24/28/32 kg
2. Features: It can be used for various exercises such as pushing, lifting, throwing and squatting when doing fitness exercises.

Round Heads With Plastic Dumbbells

Model: TQW0363
1. Specification: 2.5/5/7.5/10/12.5/15...40/42.5/45/47.5/50 kg (per 2.5kg increasing)
2. Material: PU adhesive

Hex - type Rubber Dumbbells

Model: TQW0362/2
1. Specification: 2.5/5/7.5/10/12.5/15...40/42.5/45/47.5/50 kg (per 2.5kg increasing)
2. Features: Can be used to exercise the arm, waist, body shaping and so on.

Paper Tube for Weightlifting Bars

Model: TQW22000012

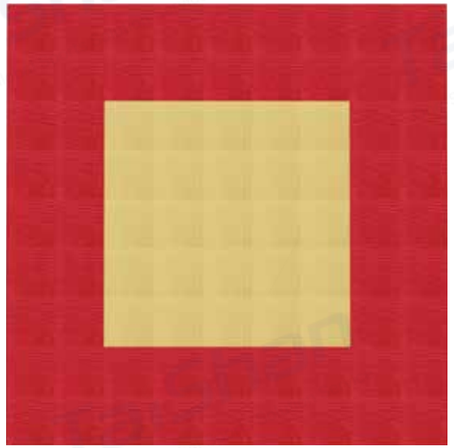
Combat Series

KURASH MAT

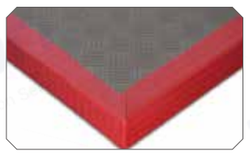


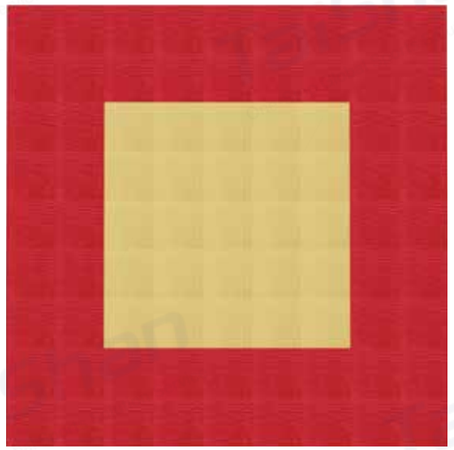
TQ1520D

1. Specification: 18000×18000×50 mm;
2. Competition area: 10000×10000 mm
3. Material: Surface is yellow and red judo leather (PVC polyvinyl chloride leather); the upper layer is high-quality compressed sponge which has good absorbing effect and can protect the athletes from hurting. The fiber board layer in the middle can prevent deformation brought by expansion and contraction. The lower layer is XPE foam material with good cushioning effect. The bottom layer has anti-slip base.

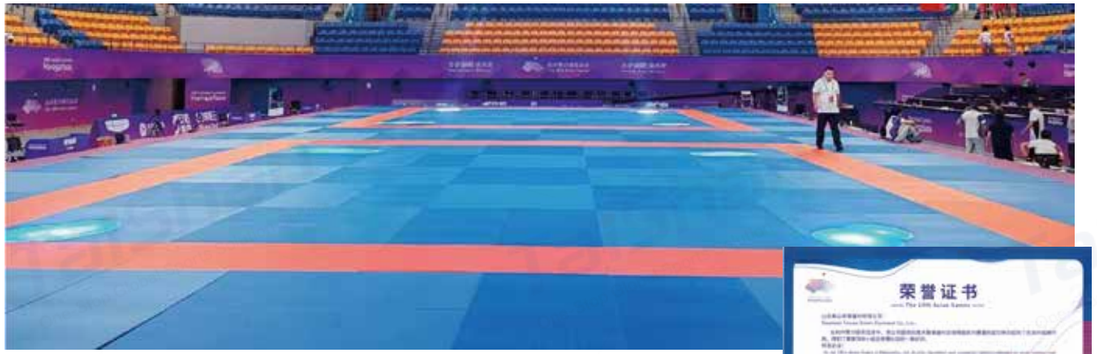
TQ2520

1. Specification: 18000×18000×50 mm
2. Material: The surface is yellow and red Judo leather (PVC polyvinyl chloride leather); the upper layer is high-quality compressed sponge which has good absorbing effect and can protect the athlete from hurting. The fiber board layer in the middle can prevent deformation brought by expansion and contraction. The lower layer is XPE foam material with good cushioning effect. The bottom XPE layer is embossed to achieve the purpose of anti-skid.





JU JITSU



TQ1520D

1. Specification: 20000×10000×50 mm;
2. Competition area: 10000×10000 mm
3. Material: Surface is yellow and red judo leather (PVC polyvinyl chloride leather); the upper layer is high-quality compressed sponge which has good absorbing effect and can protect the athletes from hurting. The fiber board layer in the middle can prevent deformation brought by expansion and contraction. The lower layer is XPE foam material with good cushioning effect. The bottom layer has anti-slip base.

OCTAGON

Octagon (MMA)

Product Information:

1. A full set of powder coated steel frame, composed of 8cm*10cm*2.5mm steel pipe.
2. 8 sets of chain guardrail cage, made of anti-crack and anti-deformation steel wire, ethylene impregnation protection, which is anti-rust.
3. 8 corner columns, made of 8×10cm steel tube thick-walled steel with anti-rust powder coating.
4. 8 Sets of corner column pads, made of 20oz ethylene and high-density foam.
5. One full set of 3cm thick protective EVA pads.
6. One Set of PVC floor cover.
7. One full set of 2.5cm noise-reduced plywood flooring.
8. One carabiner surrounding edge skirt, made of PU.
9. 2 gates.
10. 2 ladders.
11. The club logo is printed on the back and skirt.

Common size: 8m x 8m x 1m, with 1m surrounding edge.
Customizable size: 4x4, 5x5, 6x6, 7x7, 8x8m Height: 0.5-1m
